LASER THERAPY IN PORT WINE STAINS ANESTHESIA AND AGE TO START TREATMENT

At 6pm (CET) on Zoom Platform
link in your member area

Two world authorities in vascular malformations:

DR. MILTON WANER

is a pediatric facial plastic surgeon and is the Director of the Vascular Birthmarks Institute of New York. He is one of the leading experts with huge experience in laser and surgical treatment of vascular malformations.

DR. CHANTAL VAN DER HORST

is plastic surgeon and former head of the department of Plastic Surgery and Hand Surgery at the Amsterdam University Medical Centers. She also has huge experience with both surgery and Laser therapy for vascular malformations and is the author of the two milestone publications on laser therapy for port wine stains in the New England Journal of Medicine.

Controversial issues as **onset of laser treatment** and a debate about the **general anaesthesia in port wine stains** will be discussed.

ESLD members will be able to ask questions during the session.

This activity will be **free of charge for ESLD members**.

Do not miss this opportunity as an ESLD member or join the ESLD as a member if you are not yet. **[REGISTER HERE](#)**
